

AMENDMENTS TO THE SPECIFICATION

Please replace the paragraph beginning at page 21, line 8, with the following rewritten paragraph.

-- In this example, N-channel enhancement type transistor, N-channel depression type transistor, N-channel enhancement type transistor, and N-channel enhancement type transistor are used as transfer switch 42, reset switch 44, amplifying transistor 45, and transfer selection switch 46, 45, respectively. However, all or part of these transistors can also be replaced by P-channel transistors to constitute the circuit. --
